

DGS Careers Bulletin – January 2018

CAO

The CAO application deadline falls on 1st February. Students are encouraged to activate their CAO accounts prior to 20th January (5.15p.m.) in order to avail of the discounted application fee of €30. Applications after this and up to 1st February incur a fee of €45.

Students should not panic at this early stage about their course selection, as final preferences can be amended and included up to 1st July (5.15 p.m.). For some students applying to restricted courses, these are the exception, and must be included on your course choices by 1st February.

HEAR & DARE Schemes

It is important for those considering applying to each or both schemes to be familiar with application deadlines and specifically the appropriate supporting documentation that will satisfy the application criteria.

HPAT

The final registration date for HPAT 2018 is 20th January.

Study Skills

Our 5th Year and 3rd Year students will attend study skills seminars held in the school on Wednesday 10th and Thursday 11th January.

On Campus Accommodation

Over the coming months colleges will begin to invite students to apply for on-campus accommodation for the 2018/19 cycle. The first of these is usually Corrib Village at NUI Galway. As soon as dates become available I will publish these on the Edmodo Groups and Career Bulletins.

Grants & Scholarships

An extensive list of college scholarship schemes can be found at the following link <http://careersnews.ie/guidance-resources/> Please note the application deadlines.
