

## 5<sup>th</sup> Year Careers Bulletin - May 2018

I imagine that many of you find it hard to believe that your 5th Year at DGS is almost at an end. I know that most have found Senior Cycle challenging, getting use to the standards expected and trying to manage your time effectively. Many of you can start your holidays with the satisfaction of knowing that you have worked very hard over the past year, others may feel that they could have put in a lot more effort.

If you speak to any past pupil about their Leaving Certificate year the most significant factor they are likely to mention is that of time and how quickly it seems to pass. I feel that it is important to highlight this by outlining the numerous tasks that lie ahead, in addition of course, to preparing for the exams next June. I hope that by doing this you will be motivated to work to the best of your ability. Enjoy the holidays and I look forward to working with each one of you next September.

### **June – August:**

Valuable time to reflect on your career choices, find out a little more about courses and colleges. One thing to consider over the summer is applying to UCAS; if you are going to do this then perhaps you could work on your personal statement. Also look at UKCAT site (Entry to Med). Important to make a good start on your Agricultural Science Project.

### **September: (34 school weeks to the Leaving Certificate)**

- September – start of DCG coursework.
- All 6<sup>th</sup> year students attend the Higher Options in the RDS – **12<sup>th</sup> Sept.**
