TFW Food Services Cashless system for DGS

We are now open for registration.

Log onto www.tfwfoodsolutions.ie.

Go to login/ register and the system will guide you through the stages.

Any questions check out the FAQ's.

Cashless payments give you, as a parent, full control over your child's spending on school lunches.

No more looking for change, no more wondering where and what they are eating...

With the cashless system comes a simple and innovative way for you to pay for your child's nutritious and healthy school meals supplied by TFW Food Services.

How it works:

The first step is to get a TFW contactless card to use in the system.

To do this you just open an online account with TFW...

- Through an online account you manage your child's card.
You can manage multiple children's cards from just one account.

- The card is topped up online using a secure payment gateway with processing done by Sage Pay. Example top up by €20.00
- At the school your child selects their meal and simply presents the card to the cashier who taps the card exactly like tap and go contactless payments with your bank card.
- The card balance is updated with the cost of the meal. Example €2.50
- Back online you can see the transaction and the card(s) balances in your account.
 - Super Healthy Lunch | €2.50 | 01/09/2018 | 12:35
 - Balance €17.50
- Top up when you want.
 - Thank you, you have topped up card no. TFW-2017-8512 with €20.00
 - €20 Top Up | 01/09/2018 | 03:30 | TFW-2017-8512

***Know that your money is being spent the way you want.
Lost cards can be reported online and quickly cancelled.
New cards issue the next day!***

Privacy matters: Your online account is secured on a server offering SSL encryption and is fully compliant with data regulations including the 2018 EU GDPR guidelines. No bank card details are stored on the server.
